## SUNNY FUSION GELDING SEPT 2019 BUCKSKIN ISH BY TULLABEG FUSION

£ 10,000

### Description

Irish Sports Horse Buckskin Gelding 3 years 15.3 hands. Sunny is absolutely stunning. He has elastic moves to die for. Beautiful head with a kind eye - the flashiest colour with jet black points. White either side of mane. Beautiful confirmation; short and compact Homebred by myself Sire: the fancied Tullabeg Fusion who only stands in Ireland, and not available AI, adding pure class. Dam: a strong hunting mare TBxID with beautiful traditional lines adding substance and a large amount of blood to his breeding. Bred to jump! Sire has bred many prolific eventing winners, including Tullabeg Flameco who was on the Irish eventing team for the Olympics last year. Recently started his education, been on long lines, lunged, leant over, tack on. My breakers are more than happy to have him back to finish the breaking we just thought a bit of summer downtime and physical maturing would be key Recently had his feet done This horse has been bred with the intentions of being sold at the prestigious "Go for Gold" Goresbridge sales. He will be offered for a very short time here before having a holiday then preparing for Go for Gold. This beautiful boy is standing around 15.3 to make 16/16.1, he was a late 2019 foal so not 3 until August / September, plenty of growing to do this summer. Absolutely bargain you'll be paying double at Go for Gold! VIDEO - <https://youtu.be/FJ5AhyxnX8>
