Beautiful Allrounder Hunter

£ 4,750

Description

Dottie 16.2 2011 IDxISH Dottie is with us on sales livery she is a lovely sweet Allrounder she has hunted and recently done a hunt ride with us and was nothing but a pleasure jumped que'd stood like a gem all in a snaffle. Her flatwork is nice and she pops a course of fences in a lovely rhythmical way ! She has a real sweet nature and is a big pet to have a round! Great in traffic great in company needs a kick on to go out the gate on her own then happily hacks away on her own! she has a sarcoid on her chest which has been banded this week and this is reflected in her price she has two small warts on inside of her back leg which also could be classed as sarcoids but not big enough to band or anything! She is a bargain at £4750 and is going to make someone or a family very happy x
